

Propane Power Systems has the most comprehensive program than any of the other competitors. It's all in the name who we are. Certified & Endorsed / Warranty – Only **Propane Power Systems** has this endorsements from Briggs & Stratton & Kawasaki engines along with many equipment manufacturers.

It is estimated that there are 89 million pieces of lawn and garden equipment in the United States with engines rated at 25 HP or less. Garden Equipment engines emit high levels of carbon monoxide, volatile organic compounds and nitrogen oxides, producing up to 10% of the NATION'S air pollution.

Why Propane?

It is an American fuel and has been approved as a "Clean Alternative Fuel."

- Propane is the 3rd most commonly used fuel.
- Propane has a higher octane rating than gasoline.
- Propane is a nontoxic, non-poisonous and is a cleaner burning fuel.
- Propane produces fewer greenhouse gas emissions.
- Propane reduces hydrocarbon emissions by 70%.
- Propane reduces 97% less harmful carcinogenic emissions produced by diesel engines.
- Propane Low Emission Mowers keep mowing on "High Pollution Days".

Go Green. Save Green.

Propane, on average, can also be 20% - 40% less expensive than gasoline or diesel fuels.

This means more money in your pocket.

- Controls fuel cost.
- No Fuel Spillage.
- Eliminates fuel theft.
- No fuel contamination.
- Longer engine life.
- Less engine maintenance.

Propane Power Systems Partners with Local Propane Providers for Best Fuel Programs

True Partnerships begin with the experts. Your local Propane Provider and **Propane Power Systems**

Here's how:

1. On-Line Safety & Technical Training on Conversions
2. Ongoing Safety & Technical Support
3. Propane Conversion Kits / Manufacturer Endorsed / Warranty
4. Specialized / Customized Manufacturing Support
5. Specialized / Customized Hardware
6. Local Propane Suppliers providing fuel along with special cylinders and cages

Propane Power Systems supports the Lawn & Garden / Golf & Turf Industries
